

AHN HEE JONG

+82 10-6679-6756  
heejongahn@gmail.com

## PROFILE

Started writing code since 2013. Always trying to stay as a humble learner.  
My main interest lies in startup, open source, web, and programming languages.

## EXPERIENCE

### Research Intern, Naver Labs — 2015 July-2015 August

Developed internally used website for OCR-related QA work by DBQ team, using Flask.

### Web Developer, Byline — 2014 July-2014 August

Worked at the very first stage of the company. Mostly developed prototype website, with RoR.

## EDUCATION

### KAIST — 2013 March - Present

Pursuing B.A. at School Of Computing (GPA Total 3.62/4.3, Major 3.79/4.3 until now)  
A member of SPARCS

### Gyeonggi Science High School — 2010 March - 2013 February

A student president
